Force Protection Tips for Drivers

The 6th ASG Force Protection Awareness Campaign and the Safe Neighborhood Awareness Program remind community members to be alert and prepared and to practice the following force protection tips when driving a vehicle:

- ♦ Do not pull over at the direction of anyone other than from a clearly marked police car.
- ♦ Never leave your car running when you are not in it (even if you are just going inside for a moment or warming up your car).
- ♦ Keep your vehicle well maintained and your tank at least half full at all times.
- ♦ Have your vehicle keys in your hand and ready to use when you leave your house or a store. A parking lot or street is not a good place to be looking for them.
